

“ YOU MIGHT AS WELL RENT THE BEST ”

# Dominator

*The Best Choice for Pumping Liquids, Sludges, and Semi-Solids*

*The Dominator has earned its reputation as the “backbone of the vacuum pumping industry” because of its relentless power and performance. VTR offers the Dominator in a variety of configurations to suit your individual needs.*

*The LC44 Dominator pump is a continuous duty, liquid cooled pump suited for round-the-clock rugged service.*

#### ALL VTR DOMINATORS HAVE:

- Thicker tank shells built of 5/16 shell plate
  - ASME tank heads flanged and dished at 3/8 nominal thickness
  - Anti-surge baffles bolted in place for easy removal
  - Removable cabinet floors for easy component servicing
  - Full length body trays for hose storage
  - Automatic primary shutoff with stainless steel float ball
  - Secondary shut off with centrifugal separation
  - Internal stainless steel liquid level indicator
  - 4” inlet with internal standpipe for easy decanting
  - 6” discharge for direct pressurized or gravity unloading
  - Automatic pressure relief valve
